

promoting personal & planetary peace
I ... LOVE with Jasmuheen ... 2012

**THE INTERNATIONAL PEACE
COLLEGE OF BRUSSELS**
invites you to come and listen to
JASMUHEEN

(www.Jasmuheen.com)
returning to Belgium in 2012,
after some years of absence, with

**ESSENCE, UNITY
CONSCIOUSNESS, LOVE,**
the ingredients to promote Personal
and Planetary Peace

One of the most fulfilling journeys a soul can make while anchored in the plane of duality is awareness of, and full reconnection and perfect union with their I AM essence. Yet unity consciousness allows us to feel-sense that essence as being everywhere, within and around us, part of the very fabric of creation - like the baseline frequency of life. Apart from being able to nourish us physically via its cosmic micro-food flow, it also aligns us to a rhythm of such peace and contentment that we find ourselves forever transformed. Its ability to love, guide, heal and nourish us completely, is natural yet

profound. It reveals itself in its own way, in its own time, when the energy streams can match it within us and around us, and yet we are never separate from it, it is always there, just its volume alters, the strength or subtlety with which it flows.
